Table B provides a list of common materials that are recycled by industrial facilities in Ohio. Please indicate the unit of each quantity of material that is reported (pounds, tons or cubic yards). Provide any comments related to each material as necessary. Please do not report any liquid waste, hazardous waste or construction & demolition debris.

The list in **Table B** is not all-inclusive. If your facility recycles a material that is not listed in **Table B**, please enter the name and quantity of that material on a line labeled “**Other.**” Some materials may not apply to your operation; simply enter “0” for those materials. Some of the materials are listed in broad categories. For example, “Plastics” include plastics #1-7, plastic films, etc. Please refer to the attached “Materials Cheat Sheet” for examples of materials and definitions.

If you do not currently track this information internally, your solid waste hauler or recycling processor may be able to provide it upon request. The Montgomery County Solid Waste District may also be able to provide you with assistance.
