

Montgomery County Solid Waste District Community Cleanup Program

Purpose

Offer free haul and disposal to communities and individuals of need in Montgomery County in an effort to clean up illegal dump sites or other areas that have debris and/or solid waste accumulated. Waste Management (WM) will provide containers, hauling and disposal for up to 1,000 tons of municipal solid waste disposal. The program will cease after the allotted 1,000 tons of disposal has been used.

Program & Restrictions

This program covers (at no charge) delivery and pick up of a solid waste container (typically 20 yard or 30 yard roll off) for a period of time not to exceed 10 business days. The cost to dispose of the solid waste will be at no charge to the recipient. The process to physically place solid waste into the container is the responsibility of the recipient.

The recipient must have a suitable, safe and approved/permitted (by landowner, jurisdiction, etc.) location in Montgomery County for the container. The area for container delivery must be easily accessible and must safely accommodate the size of the container. Montgomery County will not be responsible for damage caused by the placement or removal of the container. Delivery and pick up of the container unit can be scheduled for Monday through Friday, between the hours of 6:00am and 5:00pm. It is recommended the container be placed in an area that will not promote the use of unauthorized dumping of solid waste. Montgomery County Solid Waste District/ WM will not be responsible for removal or disposal of solid waste from any other source except the recipient. Montgomery County Solid Waste District and WM will not be responsible for removal or disposal of solid waste outside of the container unit. WM may require the recipient to be present at delivery and pickup to deal with any problems with setting the container.

An application must be completed and signed. Applications will be reviewed on a first in/first out basis by the Executive Director of KMCB. The Solid Waste District will have the final decision as to eligibility of applicant and the award of services. Emergency application requests will be evaluated by the Manager of the Montgomery County Solid Waste District or his designee.

Exclusions

The following are excluded from this program:

- *Tires*
- *Hazardous Waste*
- *Housing or Building Demolition Debris*
- *Standard Bulk Waste from Residential or Commercial Property*
