

WE HAVE THE APP FOR YOU

Welcome to iFindCare

NEED TO FIND CHILD OR ELDER CARE **PROVIDERS & RESOURCES ON THE GO?**

iFindCare can be accessed using your iPhone to search for providers within a 20-mile radius of your current location or in any zip code. You can also review a sampling of related articles and checklists to use when choosing the best care for you and your family.

The application is available in the iTunes store for the iPad, iPhone and iPod touch and can be downloaded for free directly from iTunes.

Simply enter the username "valueoptions" and password "care" on the app to search an extensive database of child care options and elder care resources. Then, you can:

- Select the type of care (family care home, child care center, assisted living facility)
- Search using your current location or enter a zip code where you want to find care
- Review findings displayed as icons on a map
- Click on icons to get contact information on each facility
- Use checklists to collect and save information on the facility

Care Consultants are available by telephone or through LiveChat to complete an assisted search or to gain more information on the facilities you have found.

To get started, download the free app through your iPhone by searching the apps store for "iFindCare." If you don't already have an iTunes account, you can download iTunes to your computer at itunes.apple.com.

iFindCare is an app that is powered by Workplace Options, ValueOptions' work/life partner.

iFindCare Username: valueoptions
iFindCare Password: care
