

Major Positive Incident

Auntie Ann's Hosts Kuntz Group

A group of individuals from Kuntz Adult Services Center took a tour of Auntie Anne's Pretzel Factory November 16th.

The individuals learned about the history of Auntie Anne's. Anne Beiler opened up Auntie Anne's Hand Rolled Soft Pretzels in 1988.

The program participants were shown how to roll the dough and shape it into pretzels and all were given the opportunity to make a pretzel themselves.

All received certificates and buttons that stated that they were official dough makers. The participants were able to enjoy a pretzel and lemonade after they were done making them.
