MONCO Employees Interviewed by Ch22/45

Program participants and MONCO employees Kelly Paxton and Robert Barrow posed with Ch 22/45 on air personality Kylie Conway and MONCO General Manager Phil Hartje following a live interview at the TV station. Their interview followed a Ch 22/45 story about Pets and People's Dog Treats. Packages of Dog Treats have been selling well in a three state area and the production operation is providing work opportunities for upwards of fifty individuals.

Both Kelly and Robert answered questions about the work they do and the importance of receiving a paycheck. Phil answered questions about the product development and the excellent marketing program developed by MONCO staff. Over 13,000 bags of Dog Treats have been produced.
