

Applicant – take this form to your banks to obtain the activity report.

I am applying for services from the Montgomery County Veterans Service Commission. As part of the application process, I must submit to them copies of the last 45 days activity of all of my bank accounts. They will not accept the bank statement, but must have an activity report. This report must list the names of all account holders. Please provide a copy of my last 45 days account activity for all my accounts.
