

2023 Swimming Pool Sewer Reduction Application

The undersigned requests Montgomery County Environmental Services to reduce sanitary sewer charges on water used to fill an in-ground/above-ground swimming pool located at:

SERVICE ADDRESS: _____

The undersigned agrees to pay, at the time this application is submitted, a non-refundable fee of \$123.60. Approval of this application is based upon visual inspection of the pool site, capacity, and the results of a drainage test performed by Montgomery County Environmental Services staff. Upon approval, this application will authorize one annual reduction in sewer charges for as long as all existing conditions at the pool site remain in effect. Any modifications of the pool and/or drainage system will require cancellation of this approval and reapplying for this reduction. Pool sites will be subject to future inspection by Montgomery County Environmental Services. It is the responsibility of the customer to contact Customer Service at (937) 781-2688 when the pool is filled each year. The undersigned acknowledges that to be eligible for the yearly 25% top-off credit, usage must be the average quarterly usage plus 25% of their pool size.
