

# Meet Desiray

born in 2005

Desiray is a loving, funny, outgoing and kind person. She loves to travel, enjoys nurturing younger children and brings life to any room she steps foot in. Helpful is not enough to describe her, as she goes out of her way to make sure others around her are cared for, especially her younger sister.

Desiray's younger sister looks up to her and she enjoys being a leader. She is working extra hard to maintain her grades in school. When she is older she plans on joining the R.O.T.C.

Desiray is extremely helpful and takes time to assist with children who have special needs. Higher education has always interested her, as she has hopes to pursue a career in the medical field.
