

## 2019 Industrial Recycling Survey

This recycling survey is being conducted by the Montgomery County Solid Waste District to identify the type and amount of recyclables generated **within Montgomery County during 2019**. The District will use this information for summary purposes only; no company's survey response will be reported individually. Your response to this survey will help measure Montgomery County's progress toward state-mandated recycling goals and help us provide programs that meet local needs. If you have any questions or need assistance completing the survey, contact the District's consultant, Erin Oulton, at (614) 964-7284.

PLEASE RETURN COMPLETED SURVEY BY **APRIL 3, 2020** USING ONE OF THESE METHODS:

No (**END – Please return survey as directed above**)

### 3. Materials Recycled in 2019

Please complete the following table by reporting the amount of materials recycled in **2019** that were generated **within Montgomery County**. In the "Amount" column, enter the quantity recycled in 2019, then check the unit of measurement in the "Measurement" column. You may estimate if necessary. In the "Recycler" column, please indicate the hauler that collects the reported material or where the material will go after it leaves your establishment. The following chart may provide assistance with calculating cardboard recycling:

| Cardboard Dumpster   | Size of Dumpster (cubic Yards) (a) | Percentage Full When Picked up (b) | No of Pickups per week (c) | Estimated Cardboard Recycled (Tons)<br>(a) x (b) x (c) x 52 / 20 |
|--|------------------------------------|------------------------------------|----------------------------|--|
| <i>Example</i>   | <i>6 cubic yards</i>               | <i>80% full</i>                    | <i>1 time/week</i>         | <i>(6 x 0.80 x 1 x 52 / 20) = 12.48 tons</i>                     |
| 1  |                                    |                                    |                            |  |
| 2  |                                    |                                    |                            |  |
| 3  |                                    |                                    |                            |  |
| <b>Total Cardboard Recycled in Tons (Enter in Cardboard row below)</b> |                                    |                                    |                            |  |
