

New Farmers

Discover it here.

Agriculture is full of exciting and rewarding opportunities. Farming is a tough job, but at the heart of it all, you'll see a vibrant community contributing to the future of our nation's health and food security.

Getting Started

USDA is an “Every Day, Every Way” department that touches the lives of every American, every day by supporting the agriculture sector, strengthening rural communities, promoting healthy eating and helping protect our natural resources.

At the forefront of our mission is the support we provide to farmers to help them start - and continue - farming. If you have been wondering where to start at USDA, this is the place for you.

Step 1

Start to Farm

Step 2

Make a Plan
