

Kamerin

DOB 1/21/07

My name is Kamerin, and I would like to share something you may not know about me. I can be outgoing, pleasant, polite and reserved. Once I get to know you, I can be a neat kid who enjoys being active and going out to eat. I don't always eat the right food because I enjoy eating junk food.

I really enjoy playing video games, hot wheel cars and building different things with Legos. Oh, by the way, root beer is my favorite all time drink. My favorite subject is math.

I can get off track sometimes, but I can be easily redirected. Maybe I should ask you some questions. Do you like to go out to eat and play video games? Do you have time to help with me with my homework, and do have a place in your heart for a kid like me?

Maybe you can be the family for me because I want a family who is active, caring, patient and can provide unconditional love and support as I grow into a mature adult. I look forward to meeting and interacting with you!
