

MEET LAMONT

Born 2007

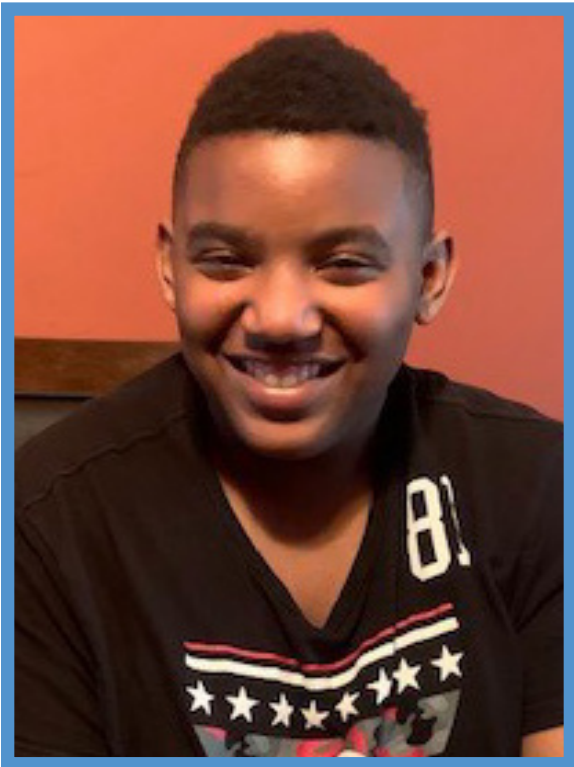

Lamont may take a little time to warm up to a new face, but once he does you'll never know a more fun and easygoing kid!

He enjoys playing video games and sports, especially basketball and football, and would love to be a professional athlete when he grows up!

Lamont is also very dedicated to his studies. Always striving to be an A or B student, he also considers becoming a teacher one day.

Family is important to Lamont. Not only does he want a home with a mom, dad and siblings, it is also important to him to maintain connections with his biological sister and other family members.

Lamont would be a great fit for your family if you love sports and value education.
