Data Challenges

- Are we measuring the right thing?
 - Additional/delete?
 - Rolling up, unduplicated
 - Measures that apply to some but not all
- Capturing participation in large events (e.g. food events that aren't client or participant specific)
- Breaking out individuals vs. families, adults from children, etc.
- Not measuring grade level

Top Ongoing Barriers

- Transportation
- High school graduation
- Mental health and substance abuse issues
- Affordable housing

Challenges

- Family engagement
- Client feedback, surveys, program evaluation
- Tools for working with immigrant and refugee population

Needs

- Professional development
- Case management database
- Volunteer recruitment, training and retention, interns
- More interaction with like-projects

Observations as Reviewers

- Programs going well
- Projects have taken time to get up and running and hit their stride
- Some innovative things are happening such as a couple programs doing satellite work in other locations
- Good lessons learned
- Knowledge of other programs
