The Recorder's Route

The Bigger Picture

“Issues concerning veterans, property deed fraud, and other deceptive practices identified, do not start in the Recorder’s Office, they start in our communities. That’s why I spend evenings in the community making sure any and everyone is informed about the programs and services we provide,” Recorder McClain often says.

Veteran Outreach

Continuing to push the services of the Veteran Identification Card Program, McClain was a guest presenter at several veteran post last month including the Brookville AMVETS Post 1789 and Huber Heights VFW Post 3283.

Fraud Alert Notification System

As numbers keep rising in registrants for the Fraud Alert Notification System, Recorder McClain is still speaking to local groups and associations around the county to make sure homeowners take proactive steps in protecting their homes. Last month, McClain did presentations at the Downtown Dayton Priority Board, Patterson Park Neighborhood Association, and Old North Dayton Business Association focusing on information about the FAN system as well as the Veteran ID program.

Congratulations Recorder McClain!

Last month Recorder McClain was recognized at the Montgomery County Juvenile Court Probation Services Ceremony for his outstanding efforts as a leader in the community helping change the lives of youth. He also served as a panelist that day and answered many questions from the youth about how to stay on the path to success. Thank you Recorder McClain for serving Montgomery County.
