The Recorder's Route

Tornado Relief: FREE Property Deeds

After the recent tornadoes that ravaged through various parts of Montgomery County, the Recorder's office sends its thoughts and prayers for recovery. Moreover, Recorder Brandon McClain has taken an initiative to distribute FREE property deeds to the tornado victims in the county. "After seeing the destruction caused by the tornadoes firsthand, I believe it is necessary to ensure every citizen affected is able to prove ownership of their home as simply as possible to restore their lives," Recorder McClain said. Please visit our website at www.mcrecorder.org to read the full press release on this matter.

Offsite DD-214 Recording

Last month, for the first time ever, Recorder McClain implemented offsite recordings for veteran DD-214s. The first event was held at Wright State University for their Veterans Moving Forward event. Veterans were able to record their DD-214s and register for a veteran ID card without having to come to our office location downtown. What a wonderful event we had being able to connect with all the different veterans and provide a free service for them. Just as in-person procedure, veterans are required to bring their DD-214 showing honorable discharge and two other forms of ID in order to register for their veteran ID card. Our office is forever thankful for our veterans!

Inspiring the Youth!

Congratulations to Class of 2019! Last month was filled with many high school graduations and events in efforts to prepare local high school students for the real world and job opportunities. Recorder McClain was amongst this great effort by being a guest speaker at a Career Conference held at Westminster Presbyterian Church as he spoke to graduating seniors about hurdles in adulthood. He also participated in the Parity Career Fair at Grace United Methodist Church working alongside Juvenile Court Judge, Gerald Parker as they exposed students to their personal job roles and duties in public service.

Finally, Recorder McClain wrapped up the school year at Bell-Haven Elementary school as a mentor for the Boys to Men program. What a bittersweet moment the young men had asking Mr. McClain to "please come back next year."

Forty Under 40

The Recorder's office sends a warm congratulations to Recorder Brandon McClain for receiving the Forty Under 40 Award last month presented by the Dayton Business Journal. This award highlights professional accomplishments, community leadership, and milestones.
