Third Street Bridge Update

December 2019 Update:

- The Great Miami River Recreational trails, located on each side of the River, and the Robert Drive Pedestrian Path, located on top of the eastern levee were closed within the project limits on December 10, 2019 with detours posted.
- The contractor has constructed an access ramp on the east side of the river, immediately south of the Salem Avenue Bridge and is now constructing a temporary work pad out into the river from the east bank.
- The Third Street Bridge is scheduled to be closed to vehicular and pedestrian traffic on Thursday, January 2, 2020.

Questions about the project? Please contact Joseph Dura at duraj@mcohio.org or 937-225-5507.

If you would like any help dealing with particular business strategies that would help your business through this process, please contact Erik Collins, Montgomery County Director of Community & Economic Development, at collinse@mcohio.org or 937-225-4351.
