HeinOnline Added to Subscribers’ Remote Access Options

Montgomery County Law Library subscribers and registered “statutory users” now have access to the contents of more than 1,400 law and law-related periodicals. HeinOnline provides exact page images of the articles in PDF format just as they appear in the original issue. This means that all charts, graphs, tables, and footnotes contained in an article appear in the proper context.

The William S. Hein & Co., Inc. of Buffalo, NY has been serving the library community for nearly 90 years as a legal publisher, periodical subscription agent, and the world’s largest distributor of legal periodicals. Remote access to the database has been added to the Law Library’s in-house subscription and appears on the Library’s website menu screen of options available to registered subscribers and government users.

The legal periodical index LegalTrac is also available to subscribers via the Law Library’s website and the full text of many of the articles cited in a LegalTrac search will be available on HeinOnline. Such secondary sources remain a valuable and in-depth research tool.

In addition to HeinOnline and LegalTrac, Loislaw, a full text database of primary law from all fifty states and the federal government is available to registered subscribers via the Law Library’s website at http://www.mcohio.org/government/law_library/index.html
