The Recorder's Route

What's New?

The Montgomery County Recorder's office is proud to announce its official partnership with The Ohio Regional Inter-Service Family Assistance Committee (RISFAC). RISFAC is a voluntary military-community partnership organized to allow service providers to engage in networking and connect service members, family members, veterans, and wounded warriors with local military and community resources. Stay tuned on updates on the upcoming committee meeting Recorder McClain will be attending in January 2019.

Ohio Recorders Association Winter Conference

Recorder Brandon McClain attended the Ohio Recorders Association (ORA) winter conference that took place November 14-16. The Ohio Recorders Association works as a legislative advocate, provides educational opportunities for its members, and helps maintain ethical and professional standards among Ohio Recorders. ORA helps Recorders provide the public with honest, fast, and helpful service as far as their duties allow. Recorder McClain is excited to be apart!

Veterans Day

On behalf of Veterans Day, Recorder McClain and Executive Director of Veteran Services, Mark Landers joined Washington Centerville Public Library as they celebrated their Veterans Exhibit and offered resources about different programs and opportunities for veterans.

Outreach

Last month the Recorder's Office along with many other agencies and organizations acted as a resource for Sinclair's Military-Affiliated Community Day. Partnerships were made and information was exchanged about benefits for military affiliated persons.

Recorder McClain has been an active participant in elder abuse awareness through being apart of CAANE which is a Collaboration Against Abuse, Neglect, and Exploitation. Last month McClain was selected to be a presenter and panelist for the CAANE Stakeholder Session as he brought to light issues of property fraud in which elderly are at risk. Recorder McClain encouraged all caretakers, providers, and workers to take action on behalf of elders by signing up for the Fraud Alert Notification System.
